## PROFILE

I am a 3rd-year **Software Engineering** student at CamTech University, driven by a passion for both technology and fashion. My enthusiasm for technology keeps me engaged with the latest trends and innovations, while my love for fashion inspires creativity and design. I excel in environments where I can merge these interests, bringing unique perspectives and fresh ideas to every project I undertake.

## WORK & VOLUNTEER EXPERIENCE

### Internship project for CamTech Frontend Developer

2022 - PRESENT

- I'm focusing on frontend development such as build login , register and home page by using React.Js as a framework and also create UX/UI design and system flow.
